1. (5 min.) Welcome / Introductions **Amy Goldstein**

2. (3 min.) Focus for today's discussion
 - a. Overarching topic: Person-centered and equitable care
 - b. Purpose: The purpose is to achieve a baseline of understanding across unique stakeholder perspectives regarding person-centered, equitable care.
 - c. Background: Each participating organization cares about this topic. Further, each participant is engaged in this topic in different ways and there is a great deal to learn from listening to others. The discussion will be used to ensure that our work products include important details as it pertains to this topic.

3. (15 min.) National Pain Advocacy Center **Dawn Gibson & Kate Nicholson**
Centering & Considerations Around Equity and Patient-Centered Care
"Nothing about us without us"

4. (30 min.) Participating Groups to share feedback based on:
 - What is your organization doing, collecting, considering, celebrating, or struggling with around the topic of equitable care for people living with pain?
 - What does equitable care mean to you?
 - How do systems and structures impact the distribution of resources, money and power in a community? This distribution shapes how communities and individuals can gain the resources needed to meet their basic human needs.

- a. People with pain / caregivers / advocates
 - b. Healthcare provider groups
 - c. Insurers / purchasers / employers / brokers
 - d. Academia
5. (5 min.) Connecting discussion to MSK Project **Wendy Coduti**
6. (5 min.) Policy Issues – What policy issues are relevant to this discussion and may be a topic for discussion at a future meeting?
7. (5 min.) Plans for September social media campaign **Amy**
- a. Pain Awareness, Self Care Awareness, Suicide Prevention Months
 - b. Potential to coordinate with others
8. Next steps / Closing
